Your all-in-one

Industrial IoT Solution

THE PROBLEM

When companies want to use an **IoT solution** that fits for **industrial** use cases, they often encounter **two big problems**.

THE PROBLEM

Slow time-to-market

High TCO
(Total Cost of Ownership)

THE PROBLEM

So what can we do to **reduce time-to-market** and **lower development cost**?

THE SOLUTION

Controllino NEO

- ✓ Brand-new **look**
- ✓ Rock-solid **Aluminium housing**
- ✓ Ultra **compact**

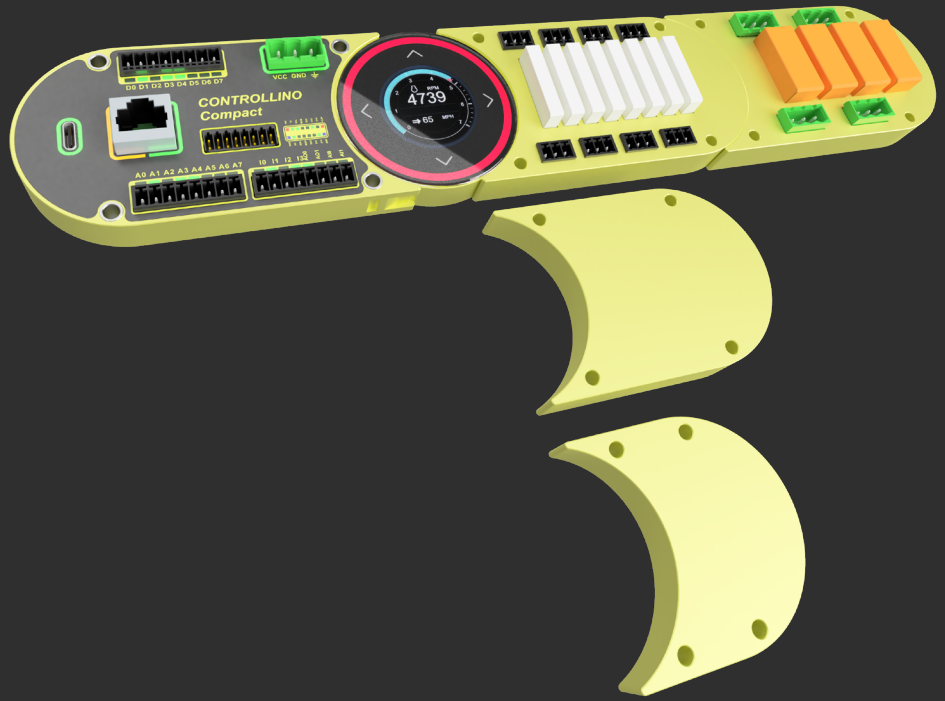
A **fully adaptable, industry-ready PLC**, not only modular but **at much less cost** than other PLCs.

THE SOLUTION

Controllino NEO

Creating your custom hardware solution is easy. Just pick relevant core and add-on modules and order it directly in the online store.

Pick between **different I/Os, peripherals, voltages, drivers** and much more.



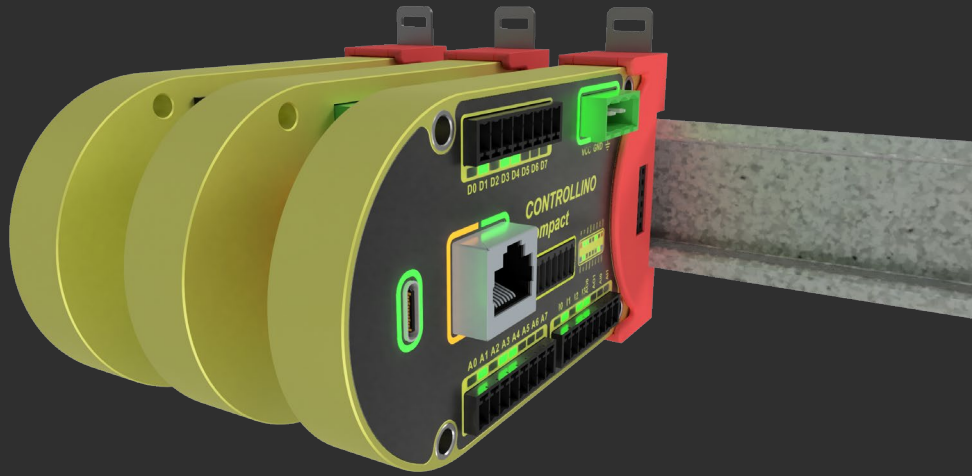
THE SOLUTION

Controllino NEO

Stack it like you want!

Single-deploy, side-by-side, in series or whatever your machine or electronics box allows.

Connected over CAN & RS485.

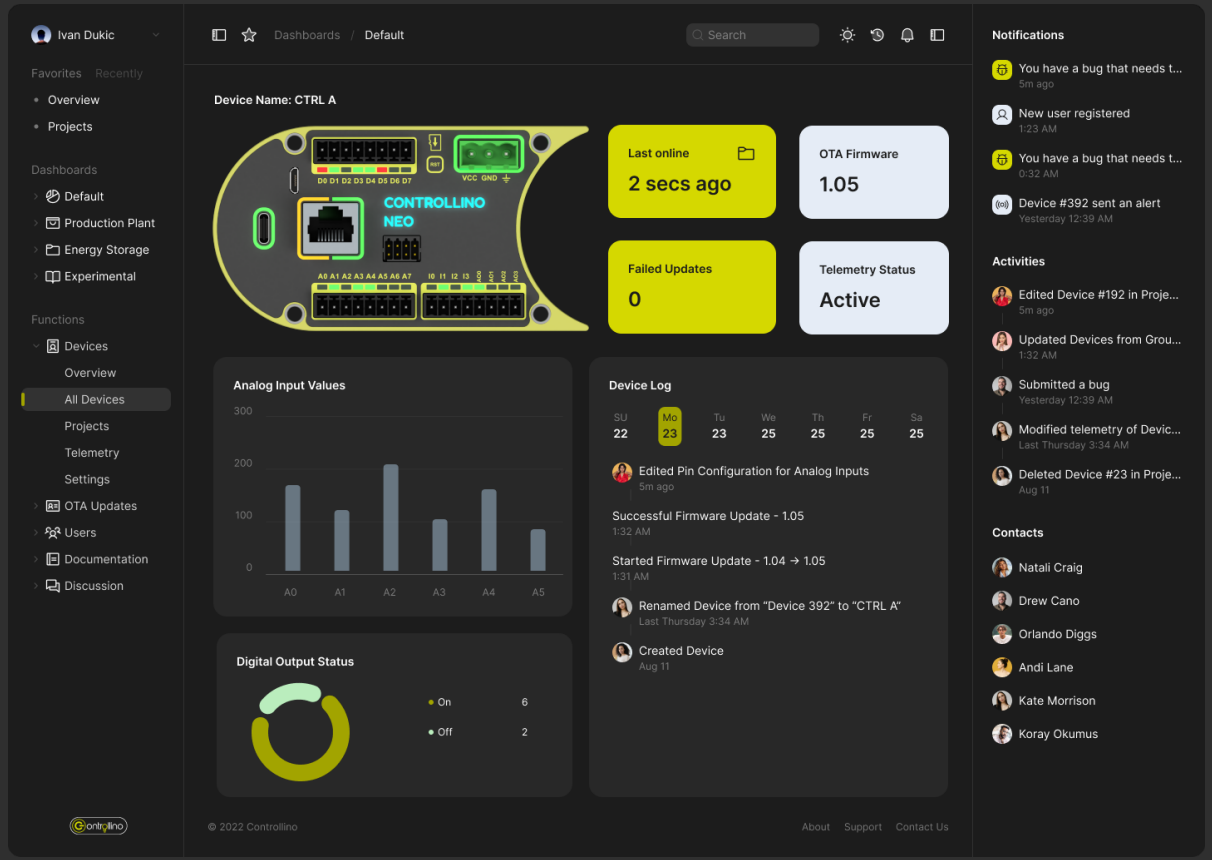


THE SOLUTION

Our IoT Software - Introducing **CONTROLLINO OS**

THE SOLUTION

Our IoT Software - Introducing **CONTROLLINO OS**



THE SOLUTION

These are just **some** of our **CONTROLLINO OS features...**

Device and Asset Management	**Secure & easy OTA Updates**	**Data Collection and Processing**
Reliable IO handling over the cloud	**Horizontal scalability and fault tolerance**	**Industry-level Security Standards**

...and much more.

OUR CUSTOMERS

We have **surpassed** the startup phase:
2500+ customers from 90+ nations.

OUR CUSTOMERS

Our biggest **customer.**

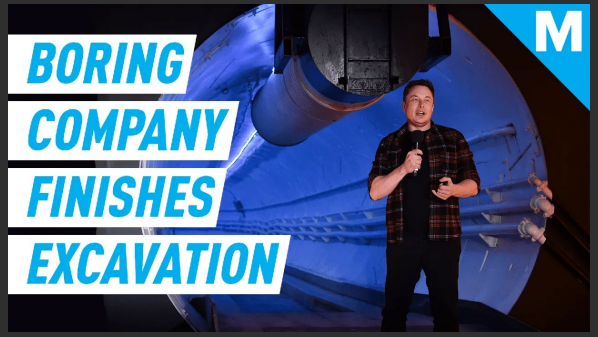
FLUENCE
A Siemens and AES Company

Nasdaq
FLNC

FLUENCE makes energy storage systems all over the world. In every cube is one of our controllers. In the past 2 years, we deployed about 12.000 controller units, with an estimate for 2023 at about 13.000 units.

OUR CUSTOMERS

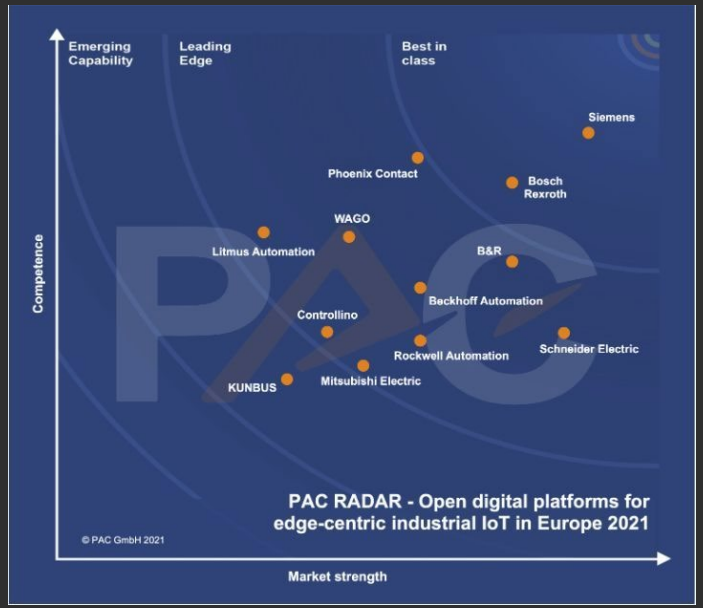
Our most famos **customer.**



A controversial figure, but nevertheless exciting to work with such visionaries. The light in the **HYPERLOOP** tunnel is controlled by our controller.

OUR COMPETITORS

We emerged from nothing a few years back. Now, we are playing in the league with **THE BIG ONES.**



OUR WAY

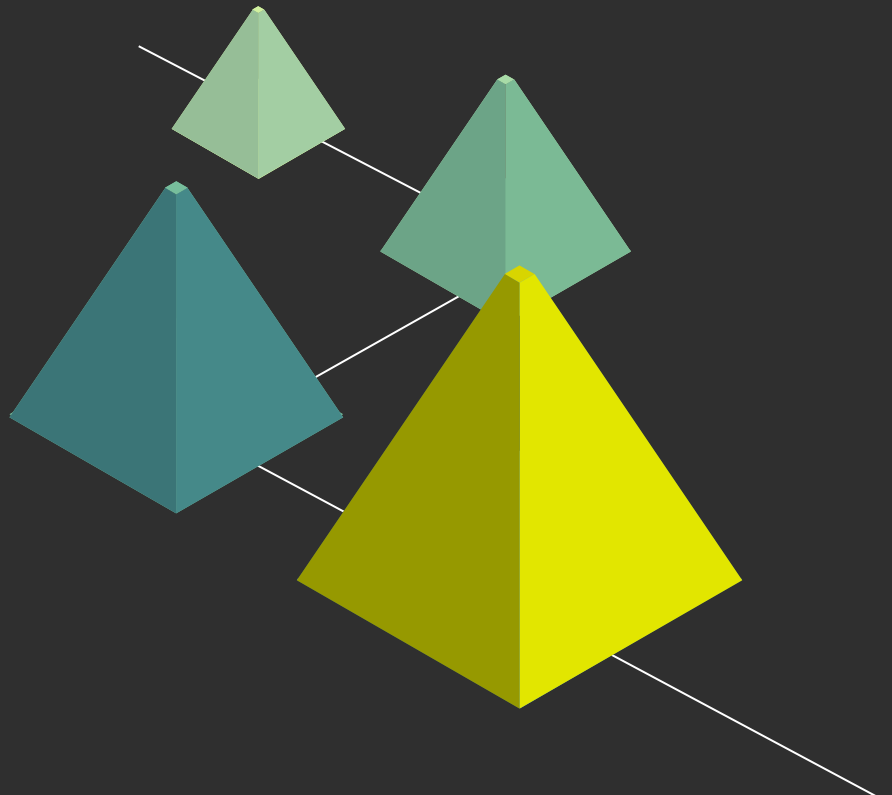
Our revenue is **steadily growing.**

2019
EUR 1.100.000 Revenue

2020
EUR 1.700.000 Revenue

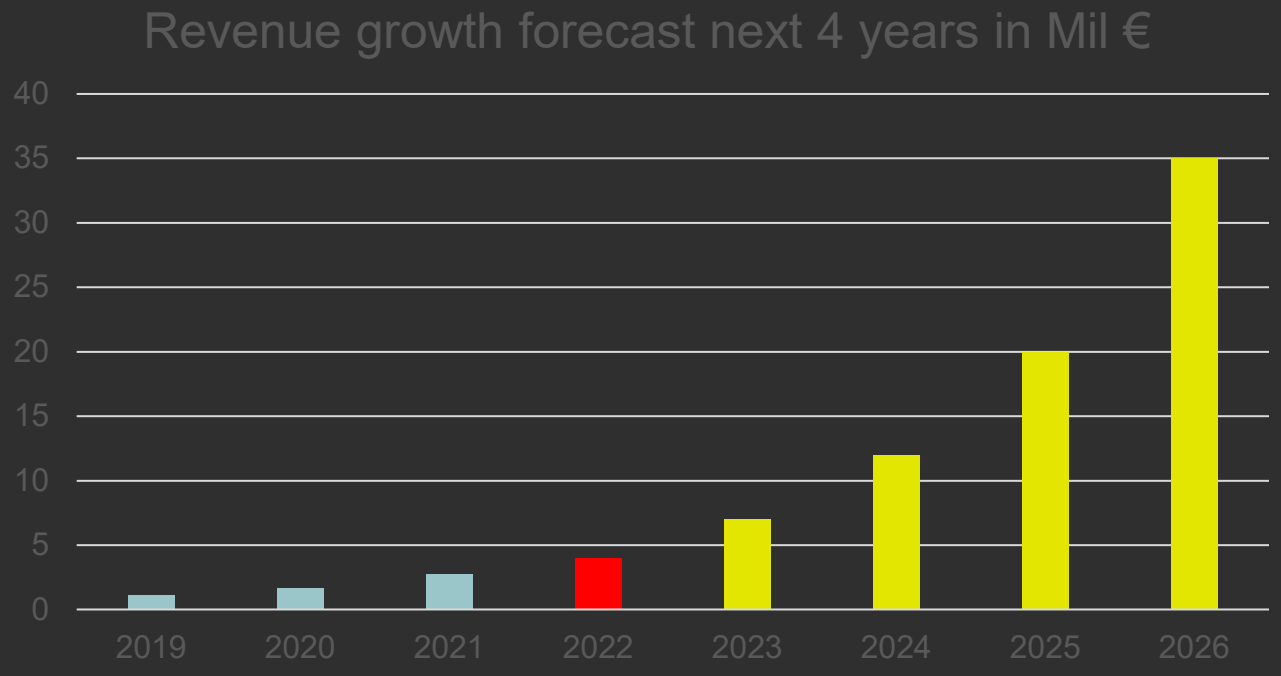
2021
EUR 2.800.000 Revenue

2022
EUR 4.000.000 Revenue



THE GOAL

Our natural **growth rate is over 50%.**



ABOUT US

Our small, but passionate team consists of **15 full-time geeks** and several **freelance & part-time employees.**

ABOUT US

Together with **you,** **we can grow** & **shape the future of Industrial IoT.**

If you are interested, don‘t hesitate to contact us and ask as many questions as you would like. We are happy to share our enthusiasm and philosophy with you.

Thank you.

Team CONTROLLINO
